Sale with Tip

The Gratuity feature is the optional function that allows the consumer to add a gratuity amount (or tip) to the total amount to be approved.

Step Instruction

Screen Information

Rebranded Screen Information

1

The terminal is ready to start a transaction. Enter Sale amount and then press  key to confirm.

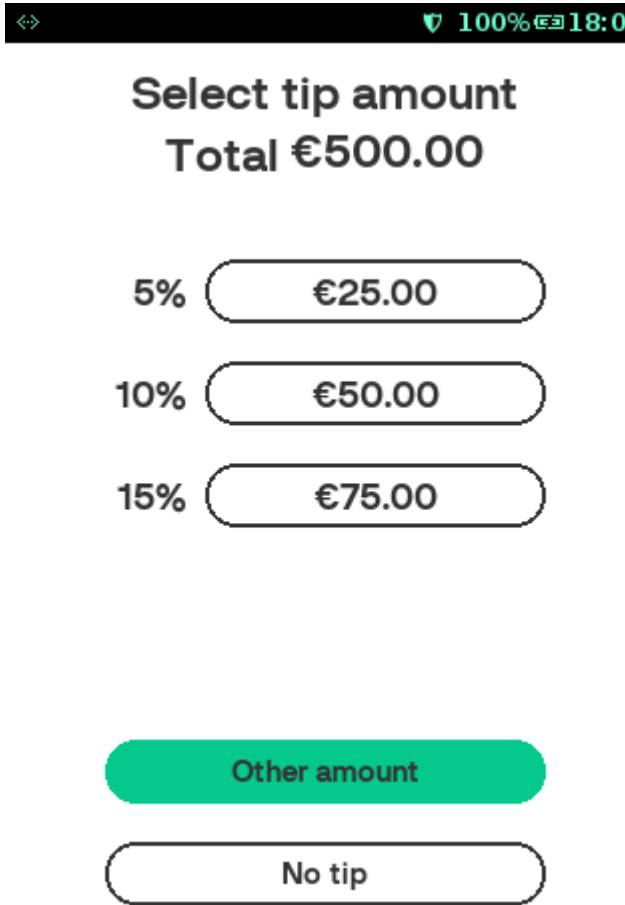

Select one of the pre-configured percentage buttons, and then press  to select the amount shown. Or a specific amount can be manually entered via the keyboard and then press  key to submit that amount. Proceed to step 4.

2

For Rebranded solution, a specific amount can be entered manually by selecting **Other amount**. Proceed to step 3, if **Other amount** is selected.

If  key is pressed, then the transaction proceeds with no tip added.

4

Present, insert, or swipe a card or key in the card number. The present card screen is displayed with the total amount including the previously entered tip.

The diagram illustrates the standard flow (left) and rebranded screen information (right) for step 5: "Connected Sending".

Standard Flow (Left):

- Step:** 5
- Instruction:** The standard flow is performed (connecting, authorizing, PIN/signature, approved, printing).
- Screen Information:** A screen with a blue header "Sale", a status bar showing 100% battery and 13:47, and a large circular loading spinner.
- Rebranded Screen Information:** A screen with a black header, a status bar showing 7% battery and 15:00, and a small black dot.
