Payment actions for OP Online

Refunding a transaction

A shopper who has used Op Online Payment to pay for a purchase can request full, partial, or multiple partial refunds. This is how you can issue a SALE_SETTLED transaction refund action for a OP Online Payment transaction via Verifone Central:

1. Log in to your Verifone Central account.
2. Navigate to the **Orders / Transaction** page and stay on the *Orders* view.
3. You can either select the **Transaction ID** from the transaction reports or paste the **Transaction ID** in the search bar.
4. Click on the transaction and navigate to the **Actions** tab.
5. The **Refund** option is enabled. The following validations are in place:
 - o The amount cannot be empty.
 - o The amount cannot exceed the remaining amount of the original payment that the refund is for (e.g., 10 EUR, a refund cannot be done for 11 EUR).
 - o Only EUR is accepted as currency.
 - o The reason for refund message is optional.
 - o Refunds can be done for the full amount or partial amount until the original value is reached.
6. Enter the **amount** you want to refund.
7. Optionally, include a **reason** for the refund.
8. Click **Refund**.
9. If your refund is successful, the shopper is notified in their bank app.
 - o If the recipient of a refund cannot receive push notifications, the refund will be visible in the Bank app statement next time the recipient logs in.
 - o If your refund is successful, the transaction is linked to the original transaction and listed in the transactions report, and details are displayed in the transaction logs.
