

KeyedEntryPromptOption.hpp

```
namespace verifone_sdk
```

```
enum class KeyedEntryPromptOption : int
```

```
enumerator NOCV
```

```
t
```

```
enumerator ZIP
```

- Requires the region-relevant zip code. The result of the AVS will be returned in AVS_Code

```
constexpr std::string_view toString(const KeyedEntryPromptOption &arg)
```
