

## Getting started

After getting in touch with our Sales team, a Verifone representative will grant you permission to use the Verifone Central portal or share with you a [self-sign-up form](#) through a link.

Depending on country and business profile, you will see only the relevant products and services for your own region.

To get user access to the Boarding Services solution, you must [sign up](#) and register an account.

Once the account is created you can [manage your account](#), edit language preferences, [create orders](#) and much more.
