Theming

Overview

Theming (also known as white labeling) allows merchants to customize Checkout pages with their own logo and branding colors. This is done by the Theming and Image APIs of Checkout.

A theme created on a parent organization can be used on the child organization.

Theming via Checkout API

Theme parameters	Details	
background_color	background color of the checkout page	
panel_background_color background color of the form		
color_inverse	when you have dark button, the color of the text on it is light (inversed), and vice versa	
primary_color	is not just a color of buttons, it can be used for some other elements which should have the same colors as buttons	
primary_color_inverse	button background color	

You can find a full list of required and optional parameters in the <u>Checkout API</u>, under *Theming*. To create a customized Pay by Link with your branding elements, follow the example below.

Send a call to POST /v2/theme:

Method POST Request /v2/theme

Example request:

```
{
    "name": "Cakeshop theme",
    "entity_id": "{{entity_id}}",
    "base_font_family": "Open Sans",
    "text_color": "774F38",
    "heading_color": "774F38",
    "background_color": "ECE5CE",
    "panel_background_color": "F1D4AF",
```

```
"primary_color": "E08E79",
"primary_color_inverse": "FFFFFF",
"error_color": "990000",
"error_color_inverse": "00ff00",
"input_border_radius": 0.5,
"input_border_width": 0.2,
"logo": "{{image_id}}"
```

Example response:

}

```
{
    "id": "f1f3d77a-e4d3-4196-a5ad-c3e05498e9b7",
    "entity_id": "a6b45428-0296-4394-8ddd-0b50b5b20aa9",
    "name": "Cakeshop theme",
    "logo": "d7823c33-c25a-44aa-afbe-3569cb1f7101",
    "base_font_family": "Open Sans",
    "text_color": "774F38",
    "heading_color": "774F38",
    "background_color": "ECE5CE",
    "panel_background_color": "F1D4AF",
    "primary_color": "E08E79",
    "primary_color_inverse": "FFFFFF",
    "error_color": "990000",
    "error_color_inverse": "00ff00",
    "input border radius": 0.5,
    "input_border_width": 0.2,
    "created at": "2021-07-13T11:08:28.083Z",
    "updated_at": "2021-07-13T11:08:28.083Z"
}
```

To obtain the entity_id value from Verifone Central, go to Administration > Organizations > [Organization] > Organization ID value.

Organization ID (Entity ID) in Verifone Central

< (T	Drganizations EST	
	General information	
	Parent organization	Verifone
	Organization ID	3d4a23b3-1871-4558-b9c2-f2810071bbbf 📑
