

Logon

Logon needs to be initiated if the terminal states logon enabled or re-logon enabled for onboard the terminals into payment entity services, i.e. performed on 1st payment transaction after terminal setup (OOB), expired logon state, or any updates from VHQ.

Step	Instruction	Screen Information	Rebranded Screen Information
1	Logon has to be initiated as part of financial transactions like sale, refund, settlement etc.		
2	<p>Select one of the pre-configured percentage buttons, and then press  to select the amount shown. Or a specific amount can be manually entered via the keyboard and then press  key to submit that amount.</p> <p>If  key is pressed, then the transaction proceeds with no tip added.</p>		

Step	Instruction	Screen Information	Rebranded Screen Information
3	Present, insert or swipe a card or key in the card number. The present card screen is displayed with the total amount including the previously entered tip.	 <p>The screenshot shows a terminal screen titled "Sale Present Card". It prompts the user to "Press Number for Manual" and displays three icons for card payment: a card being inserted, a card being swiped, and a card being tapped. Below the icons, the total amount is shown as "Total £10.00". At the bottom, there are logos for VISA, MasterCard, and AMERICAN EXPRESS.</p>	 <p>The screenshot shows a rebranded terminal screen titled "Present Card". It prompts the user to "Press Number for Manual" and displays three icons for card payment. Below the icons, the total amount is shown as "Total €20.00" in a large green font. At the bottom, there are logos for VISA, MasterCard, and AMERICAN EXPRESS.</p>
4	The terminal has to send logon request details to the payment processing host.	 <p>The screenshot shows a terminal screen with a blue header bar containing the word "Logon". Below the header is a large grey loading spinner. At the bottom of the screen, the text "Connected Sending" is displayed.</p>	 <p>The screenshot shows a rebranded terminal screen with a white background. At the top, there is a small black loading spinner. Below it, the text "Connected Sending" is displayed.</p>

Step	Instruction	Screen Information	Rebranded Screen Information
5	The terminal has to receive logon details from the payment processing host.		
6	The standard flow has to perform (connecting, authorising, PIN/signature, approved, printing).
