

## PayPal Merchant onboarding

This document describes the steps to start accepting payments using Paypal Ecom.

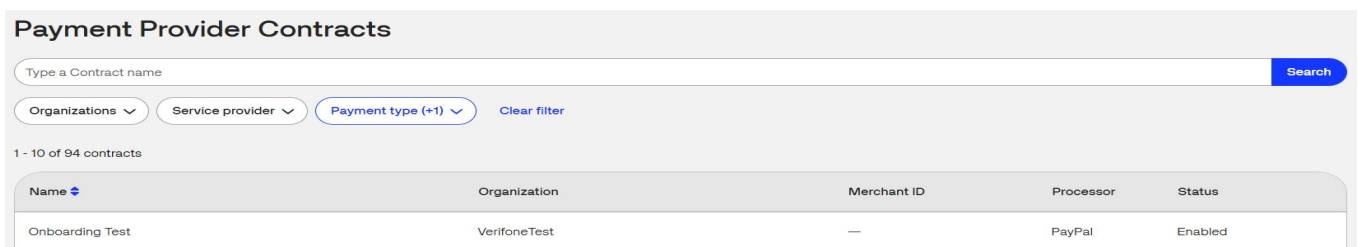

1. Log into Verifone Central by using your username and password.
2. Click on the **Administration** drop down menu and click on **Payment (Provider) Contracts**.

3. Filter your PPCs by the *Payment type* drop down menu and select **PayPal Ecom**. Search for the specific PPC that you want to do the integration with. You can also filter the list of PPCs by typing the contract name in the search bar and click the **Search** button.

4. The portal will display your specific PPC (e.g., Onboarding test -> click on the PPC row).

5. Click on the **Verify with PayPal** button.

**Verify with PayPal**

6. Introduce your user email and select the country. Click on the **Next** button.

The screenshot shows a PayPal connection screen. At the top left is the PayPal logo. The main text reads: "Connect a PayPal account to start accepting payments on Game Of Threads CST CST's Test Store". Below this, it says: "It's free to connect, whether you have an existing PayPal account, or want to create a new account." There are two input fields: "Email" and "Country or region" (with "Netherlands" selected). A blue "Next" button is at the bottom.

7. Login with your PayPal username and password.

The screenshot shows a PayPal login screen. At the top is the PayPal logo. Below it is a text input field containing "testonboarding@paypal.com". Below that is a password input field with masked characters "....." and a "Render" button. Below the password field is a "Password?" link. At the bottom is a large blue "Log in" button. At the very bottom, it says "Dutch | Netherlands".

8. After logging in, you will be re-directed on the Permissions page. Click on the **Agree and connect** button to proceed forward.
