

PayPal Merchant onboarding

This document describes the steps to start accepting payments using Paypal Ecom.

1. Log into Verifone Central by using your username and password.
2. Click on the **Administration** drop down menu and click on **Payment (Provider) Contracts**.

3. Filter your PPCs by the *Payment type* drop down menu and select **PayPal Ecom**. Search for the specific PPC that you want to do the integration with. You can also filter the list of PPCs by typing the contract name in the search bar and click the **Search** button.
