### Payment actions for Vipps

#### Capturing a transaction

You can only perform a delayed capture transaction from Verifone Central. The minimum amount that you can capture is 1 NOK. The amount can be fully or partially captured, and you cannot do multiple partial captures.

To capture a transaction from Verifone Central, follow these steps:

1. Log in to your Verifone Central account.
2. Navigate to the **Orders / Transaction** page and keep the *Orders* view.
3. Select the **Transaction ID** from the drop-down menu and type the *Transaction ID* in the search bar.
4. Click on the transaction and navigate to the **Actions** tab.
5. Select the **Capture** option and fill in the **amount**.
6. Click **Capture**.

The screenshot shows the Verifone Central interface. On the left, the 'Orders/Transactions' page is visible, featuring a 'Table View' section with 'Orders' and 'Transactions' tabs. Below this is a 'Search or Filter' section with a 'Transaction ID' dropdown, a search input field, and filters for 'Created' (7/3/2025 00:00 - 23:59), 'Organizations (+1)', and 'Merchant ID'. A table below shows a list of transactions, with the first row highlighted: Created: 7/3/2025, 17:04:39; Reference: -; Merchant Reference: 14b0969f-3252-43e8-c...; Application ID: -; Organization: APM\_ECOMM\_TEST; Product: Mastercard(Vipps); Orig. amount: 50.00 NOK. On the right, the 'Actions' sidebar is open, showing 'Authorization 50.00 NOK' and 'Ecommerce'. The 'Actions' section has tabs for 'History', 'Actions', 'Details', 'Customer', and 'Documents'. Under 'Actions', there is a 'Select an action' section with 'Capture' (selected) and 'Cancel'. Below this is an 'Amount to capture' section with a 'NOK' dropdown, a 'Type amount' input field, and a 'Max 50.00 NOK' label. A 'Capture' button is at the bottom of the sidebar.

#### Canceling a transaction

You can cancel only the full amount, as partial void/cancel is not supported.

To void/cancel an authorized transaction from Verifone Central so that the consumer has no longer a hold on the account for his Vipps transaction, follow these steps:

  - Only NOK is accepted as currency.
  - The message is optional.
  - Refunds can be done for the full amount or partial amount until the original value is reached.
6. Enter the **amount** you want to refund.
7. Optionally, include a **reason** for the refund.
8. Click **Refund**.
9. If your refund is successful, the shopper is notified in their Vipps app.
  - If the recipient of a refund cannot receive push notifications, the refund will be visible in the Vipps app next time the recipient logs in. The refund is displayed in the recipient's bank account statement as well.
  - If your refund is successful, the transaction is linked to the original transaction and listed in the transactions report, and details are displayed in the transaction logs.
