Capturing a transaction

You can only perform a delayed capture transaction from Verifone Central. The minimum amount that you can capture is 1 NOK. The amount can be fully or partially captured, and you cannot do multiple partial captures.

To capture a transaction from Verifone Central, follow these steps:

1. Log in to your Verifone Central account.
2. Navigate to the **Orders / Transaction** page and stay on the *Orders* view.
3. Select the **Transaction ID** from the drop-down menu or type the **Transaction ID** in the search bar.
4. Click on the transaction and navigate to the **Actions** tab.
5. Select the **Capture** option and fill in the **amount**.
6. Click **Capture**.

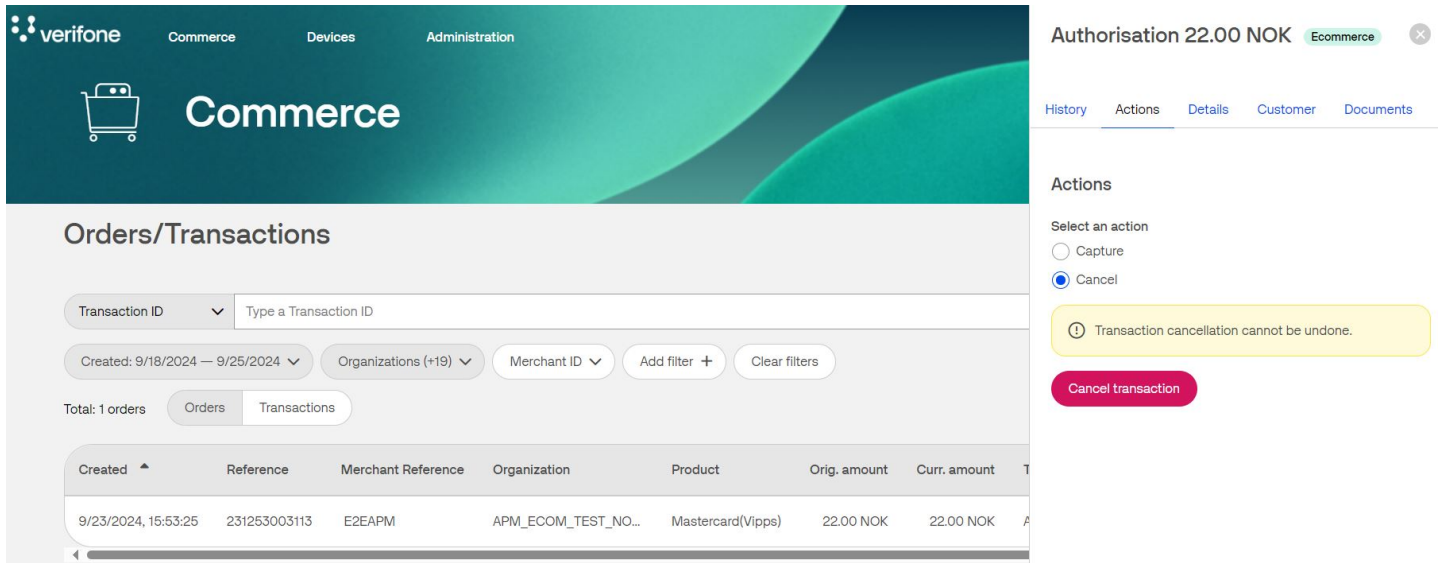

The screenshot shows the Verifone Central Commerce interface. The top navigation bar includes 'verifone', 'Commerce', 'Devices', and 'Administration'. The main header features a shopping cart icon and the word 'Commerce'. Below this, the 'Orders/Transactions' section is visible, with a search bar for 'Transaction ID' and filters for 'Created' (9/18/2024 - 9/25/2024), 'Organizations (+19)', and 'Merchant ID'. A table lists transactions, with one entry for 9/23/2024, 15:53:25, Reference 231253003113, Merchant Reference E2EAPM, Organization APM_ECOM_TEST_NO..., Product Mastercard(Vipps), and amounts of 22.00 NOK. On the right, the 'Actions' panel is open for 'Authorisation 22.00 NOK' (Ecommerce). It shows 'Select an action' with 'Capture' selected and 'Cancel' as an option. Below, 'Amount to capture' is set to 22.00 NOK (Max 22.00 NOK), and a 'Capture' button is visible.

Canceling a transaction

You can cancel only the full amount, as partial void/cancel is not supported.

To void/cancel an authorized transaction from Verifone Central so that the consumer has no longer a hold on the account for his Vipps transaction, follow these steps:

1. Log in to your Verifone Central account.
2. Navigate to the **Orders / Transaction** page and stay on the *Orders* view.
3. Select the **Transaction ID** from the drop-down menu or type the **Transaction ID** in the search bar.
4. Click on the transaction and navigate to the **Actions** tab.
5. Select the **Cancel** option.
6. Click **Cancel transaction**.

Below this is a header with a shopping cart icon and the word 'Commerce'. The main content area is titled 'Orders/Transactions' and features a search bar for 'Transaction ID' and a filter section with 'Created' date range (9/18/2024 - 9/25/2024), 'Organizations (+19)', and 'Merchant ID'.  - o The amount cannot be less than 1 NOK and more than 999999999999.99 NOK. Moreover, the amount cannot exceed the remaining amount of the original payment that the refund is for (e.g., 100 NOK, a refund cannot be done for 101 NOK).
 - o Only NOK is accepted as currency.
 - o The message is optional.
 - o Refunds can be done for the full amount or partial amount until the original value is reached.
6. Enter the **amount** you want to refund.
7. Optionally, include a **reason** for the refund.
8. Click **Refund**.
9. If your refund is successful, the shopper is notified in their Vipps app.

- If the recipient of a refund cannot receive push notifications, the refund will be visible in the Vipps app next time the recipient logs in. The refund is displayed in the recipient's bank account statement as well.
- If your refund is successful, the transaction is linked to the original transaction and listed in the transactions report, and details are displayed in the transaction logs.
