

Adding a Single Device

To add the device manually.

Go to **Verifone Central** -> **Device Management** -> **Devices** -> **Add Devices**.

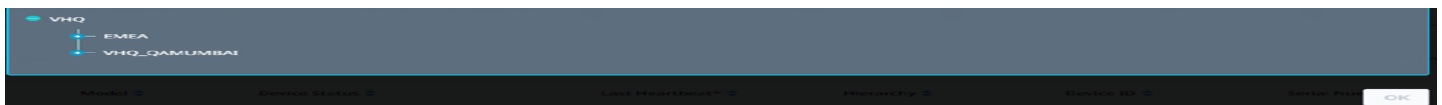

The screenshot shows the Verifone Central interface. The top navigation bar includes 'Verifone', 'Device Management', 'Reports', 'Administration', and 'Help & Support'. The left sidebar has a 'Devices' section with 'View Devices' and 'Add Devices' (highlighted with a yellow box). The main content area shows a 'PRE-SIT' status with '34,123 Deployed Devices'. Below this are five cards: 'Total Device Count' (34123), 'Pending Registration' (67128), 'Scheduled Devices' (2), 'Low Ram Devices' (5), and 'Low Flash Devices' (0). At the bottom, there is a table header with columns: Model, Device Status, Last Heartbeat*, Hierarchy, Device ID, and Serial Number.

The screenshot shows the 'Add a Device' modal form. A dropdown menu is open, displaying a list of device models: MX 925, MX 915, MX 880, MX 870, MX 860, MX 850, e315, e335, MX 760, UX 300, VX 805, VX 820, VX 520, VX 680, VX 690, VX 680 3G, VX 675, VX 520 3G, VX 690 3G, and VX 675 3G. The form includes fields for '111' (likely a reference set), 'Model', 'Device Id', 'Hierarchy', and 'Reference Set'. A '+Bulk Import Device' button is visible on the left. An 'Add Device to Pool' button is at the bottom right.

Select Model name from the dropdown box.

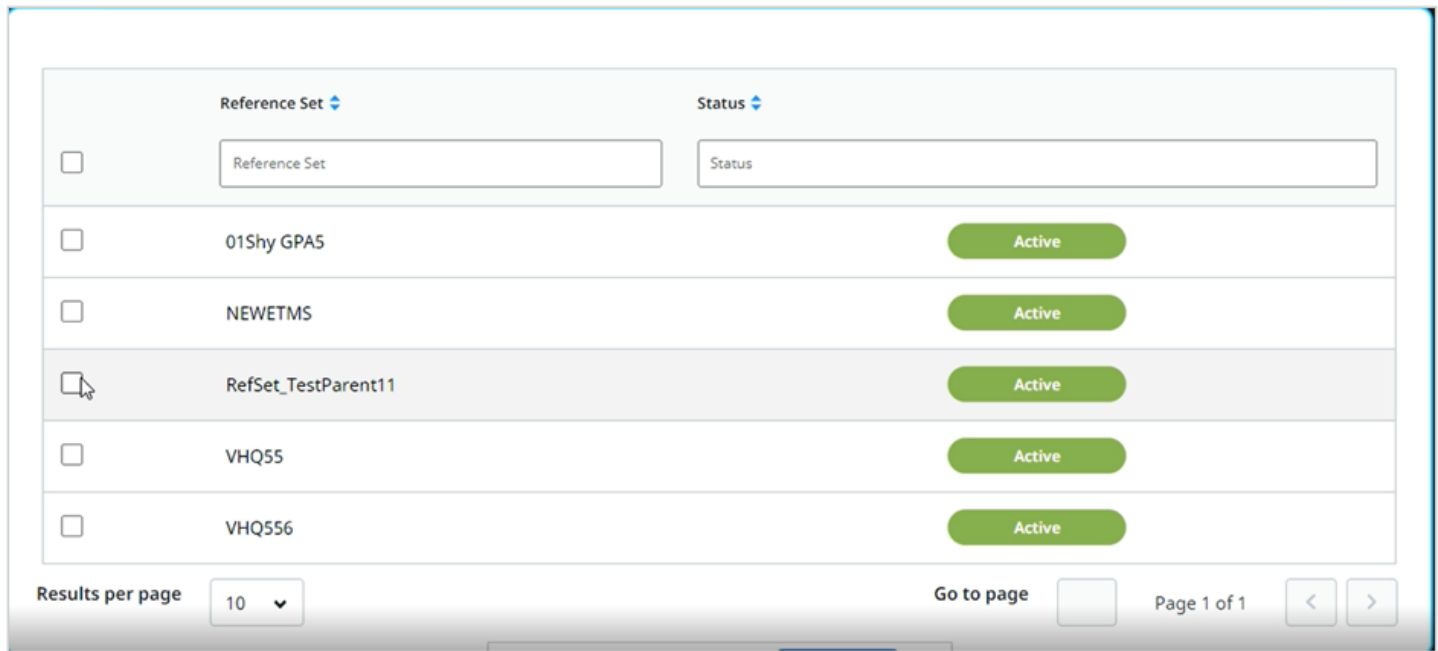

The screenshot shows the bottom part of the 'Add Device to Pool' modal form. It includes a tree view on the left showing the hierarchy: VHQ -> EMEA -> VHQ_QAMUMBAI. The main form area has fields for 'Model', 'Device Status', 'Last Heartbeat*', 'Hierarchy', 'Device ID', and 'Serial Number'. The 'Add Device to Pool' button is at the bottom right.
