

Adding a Single Device

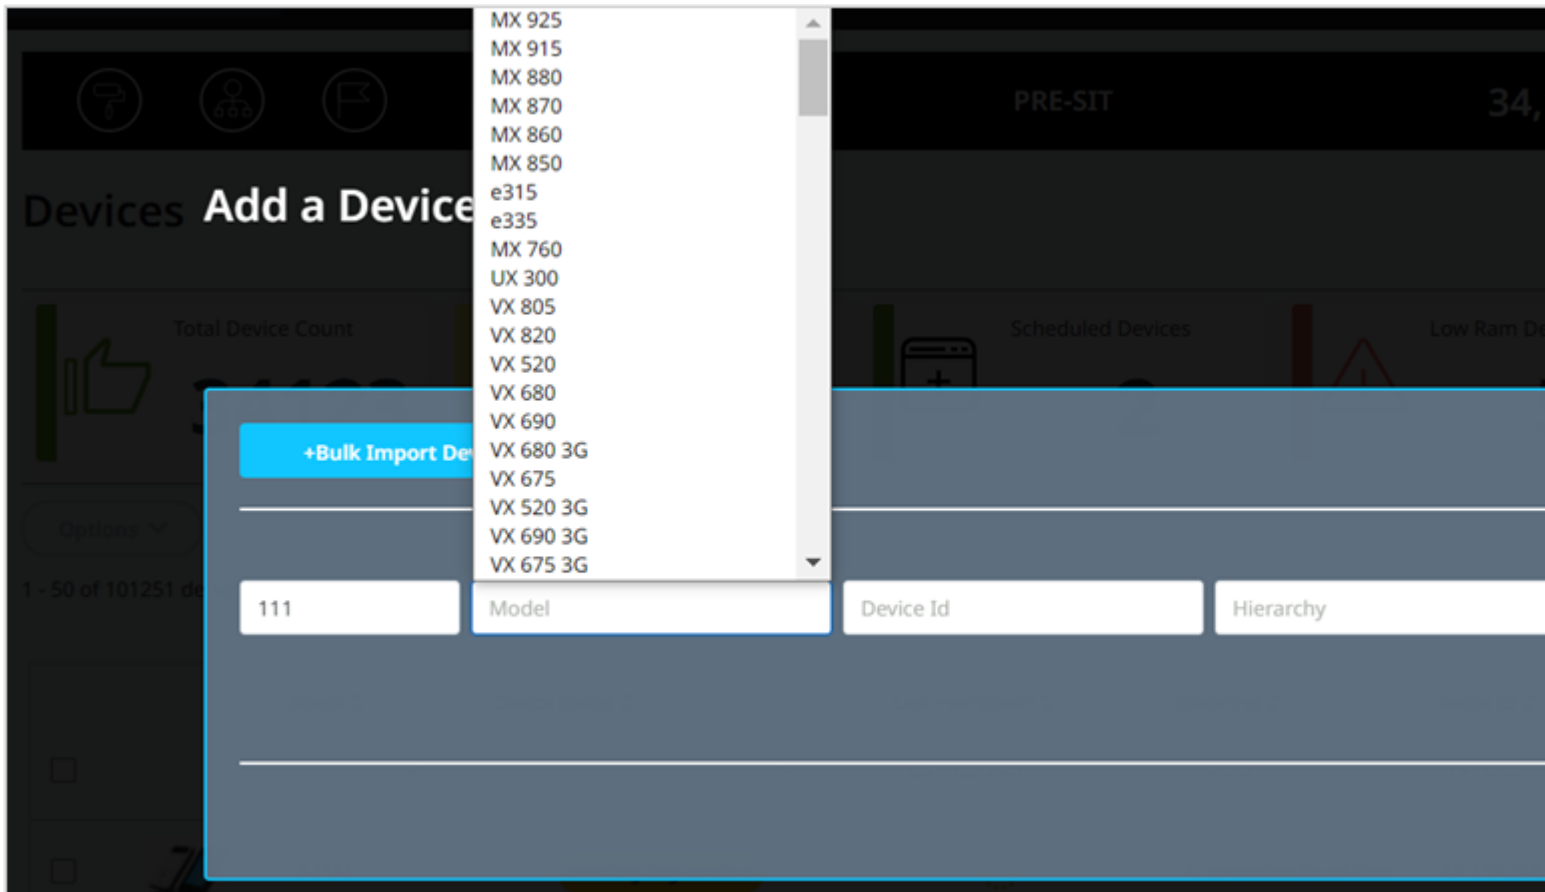

To add the device manually.

Go to **Verifone Central** -> **Device Management** -> **Devices** -> **Add Devices**.

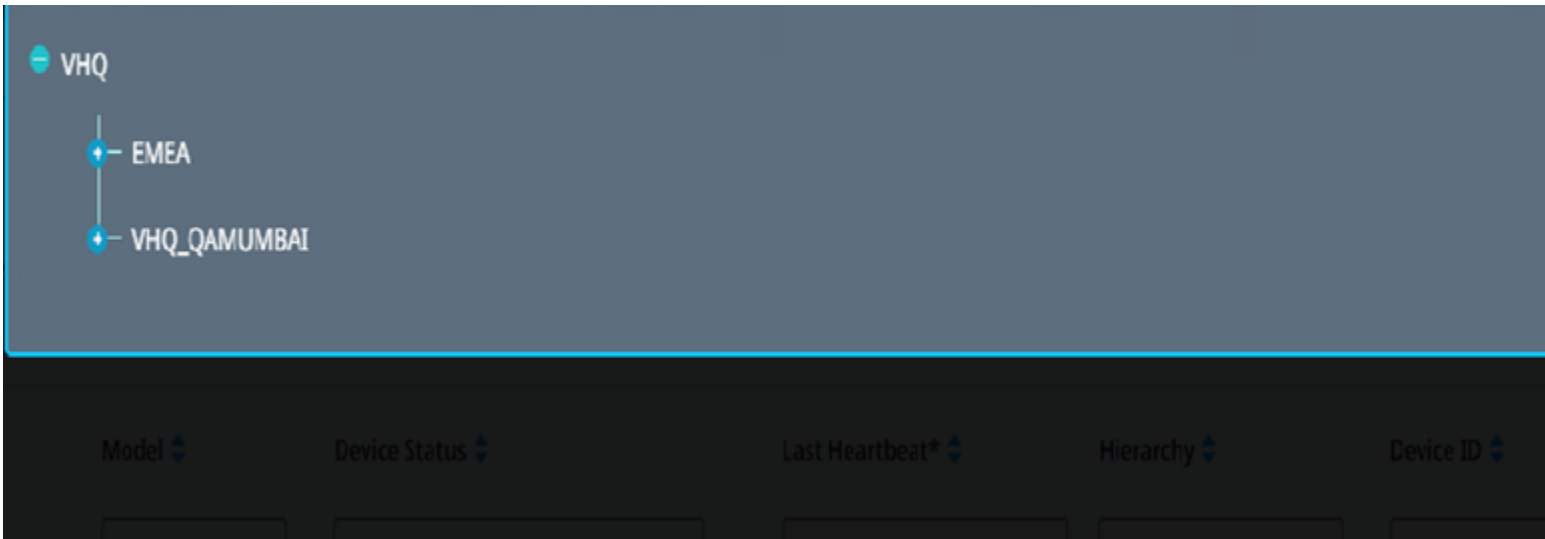

The screenshot displays the Verifone Central web interface. The top navigation bar includes the Verifone logo and menu items: Device Management (selected), Reports, Administration, and Help & Support. A left sidebar contains a 'Devices' section with a yellow highlight around the 'Add Devices' button. The main content area features a 'PRE-SIT' status indicator and four summary cards: 'Total Device Count' (34123), 'Pending Registration' (67128), 'Scheduled Devices' (2), and a warning icon. Below these cards is an 'Options' dropdown and a pagination indicator '1 - 50 of 101251 devices'. At the bottom, there are filters for Model, Device Status, Last Heartbeat, and Hierarchy, each with a dropdown menu.

Model	Device Status	Last Heartbeat*	Hierarchy
<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Select Model name from the dropdown box.

Select the hierarchy from the hierarchy popup.

Reference Set 		Status 
<input type="checkbox"/>	<input type="text" value="Reference Set"/>	<input type="text" value="Status"/>
<input type="checkbox"/>	01Shy GPA5	<input type="button" value="Active"/>
<input type="checkbox"/>	NEWETMS	<input type="button" value="Active"/>
<input checked="" type="checkbox"/>	RefSet_TestParent11	<input type="button" value="Active"/>
<input type="checkbox"/>	VHQ55	<input type="button" value="Active"/>
<input type="checkbox"/>	VHQ556	<input type="button" value="Active"/>

Results per page 

Go to page Page

Select the reference set from the pop-up screen and click **Continue**.
