Import & Merge File

This feature is used to batch update the Chain of Custody device details on **Device Management** through bulk upload. The **Save As Template** option is used to save the existing data fields as a template. Details are filled and uploaded on Device Management using **Import and Merge File** option.

To update the Chain of Custody Device Details for bulk upload on Device Management.

1. Go to Device Management -> Reports -> Chain of Custody -> Actions -> Import & Merge File.
