

Active Lifecycle

Active Lifecycle in **Asset Tracking** is an important feature that provides a snapshot of the chain of custody details of each device at every stage starting from the Verifone store to the deployment center. There are two ways to view the chain of custody details.

Method 1: To view the workflow and chain of custody of the device.

Go to **Device Management** -> **Devices** -> **View Devices**.

Serial #	Device ID	Model	Last Heartbeat*	Device Status	Hierarchy
000-14Apr-001	csv14Nov23	MX 915		Pending Registration	AutomationRootHierarcl
000-14Apr-002	csv14Nov24	CM5		Pending Registration	AutomationRootHierarcl
000-14Apr-007	csv14Nov29	CM5		Pending Registration	AutomationRootHierarcl
000-14Apr-008	csv14Nov30	MX 915		Pending Registration	AutomationRootHierarcl
000-CBA-986	616-152-21	CM5P		Pending Registration	AutomationRootHierarcl
000-CBA-987	Amx090	MX 915		Active	AutomationRootHierarcl
000-CBA-988	0	MX 915		Active	AutomationRootHierarcl

Select a specific device. The **Device Details** screen will be displayed.

VERIFONE 

Method 2: To view the workflow and chain of custody of the device.

Go to **Verifone Central - Device Management -> Reports -> Device Management -> Chain of Custody -> Device Details -> Active Life Cycle.**

NOTE: You can also go to the **Device Details** screen from the **Device Management -> Devices -> View Devices.**

Device Details Active
