

Content Rollout for Batch Devices

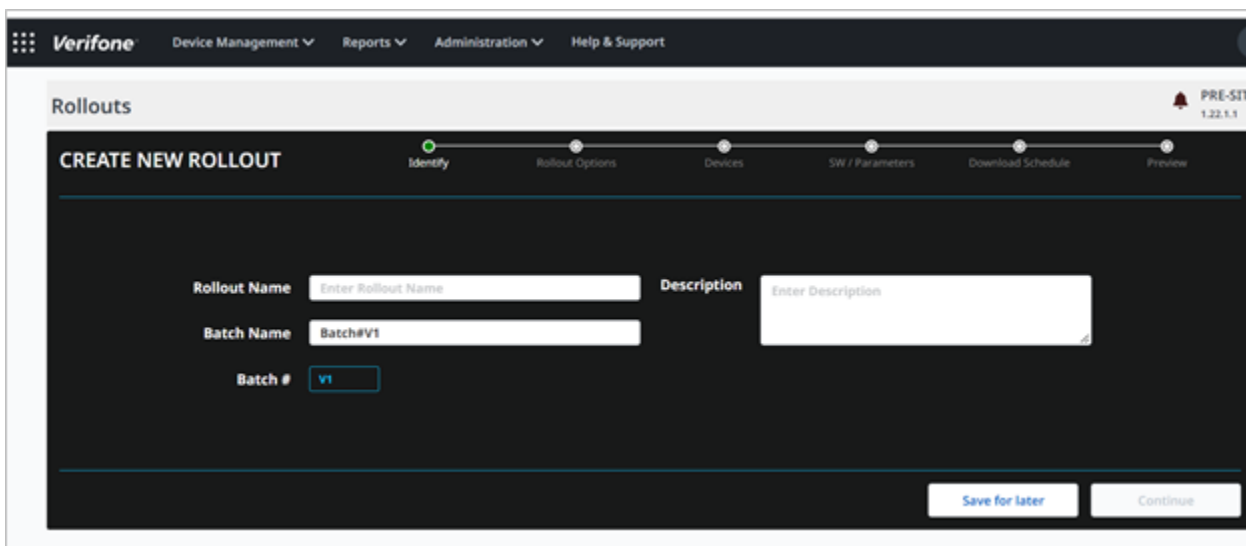

Follow the option sequence below to roll out a software/parameter/content download to a batch of devices.

Verifone Central -> Device Management -> Rollouts -> View Current -> Create New Rollout

The dashboard shows the status of various rollouts. It includes a summary section with icons and counts for Failed (22), Successful (0), In Progress (1), and Not Yet Started (1). A Success Rate of 0% is also displayed. Below this is a table of rollouts.

Category	Batches	Completed	In Progress	Not Started	Devices	Success	Failed	In Progress Devices
Content	1	0	1	0	1	0	0	1
Software	1	1	0	0	7	0	0	0

The 'CREATE NEW ROLLOUT' form is shown with a progress bar at the top indicating the current step is 'Identify'. The form includes fields for Rollout Name, Description, Batch Name, and Batch #. The Batch # field is currently set to 'V1'. At the bottom, there are 'Save for later' and 'Continue' buttons.

The rollout Name is uniquely provided by the user.

Batch Name is provided by the user, a rollout name can have several batch names.

The **Save for later** option will save the entries for later stages.

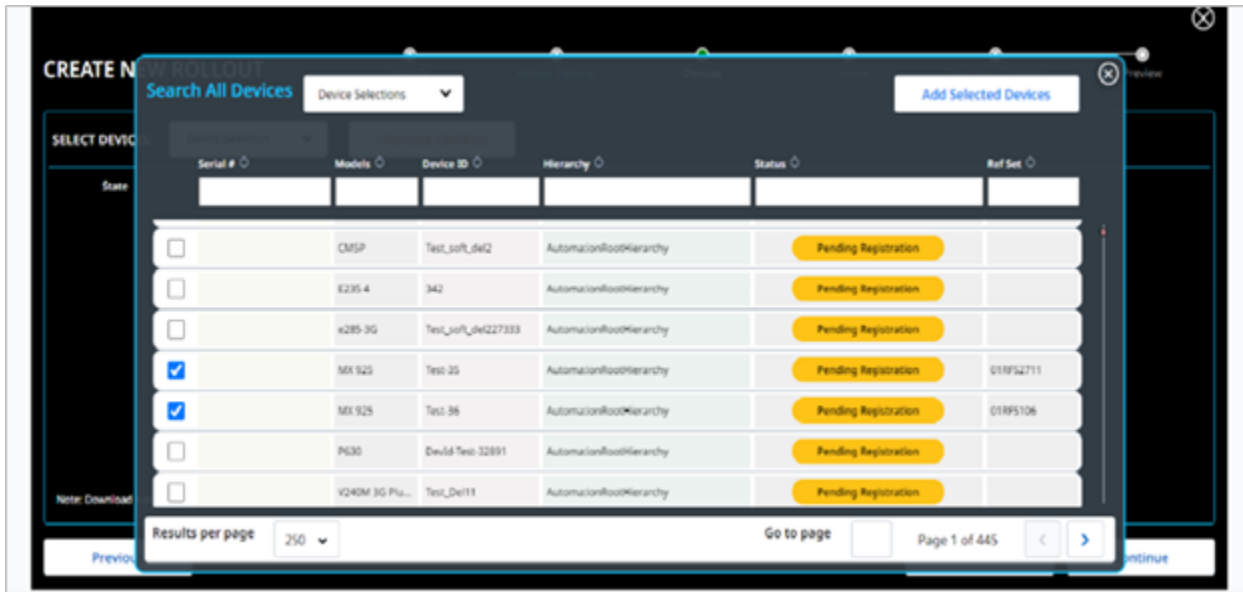

This screenshot shows the 'Rollout Options' step of the 'CREATE NEW ROLLOUT' process. It presents three main options: 'Software and Parameter Templates', 'Parameters Only', and 'Content Downloads'. The 'Content Downloads' option is selected and highlighted with a yellow box. Below each option, there are sub-options for 'Full' and 'Differential'.

Updated: 09-Nov-2022

Select **Content Downloads**.

State	Serial #	Models	Device ID	Hierarchy	Status	Ref Set
<input type="checkbox"/>		CMSP	Test_soft_d42	AutomationRolloutHierarchy	Pending Registration	
<input type="checkbox"/>		E285-4	342	AutomationRolloutHierarchy	Pending Registration	
<input type="checkbox"/>		x285-3G	Test_soft_d4227333	AutomationRolloutHierarchy	Pending Registration	
<input checked="" type="checkbox"/>		MX 925	Test_35	AutomationRolloutHierarchy	Pending Registration	018PS2711
<input checked="" type="checkbox"/>		MX 925	Test_36	AutomationRolloutHierarchy	Pending Registration	018PS106
<input type="checkbox"/>		PG30	DevId Test-32891	AutomationRolloutHierarchy	Pending Registration	
<input type="checkbox"/>		V240M 3G Plus...	Test_Del11	AutomationRolloutHierarchy	Pending Registration	

The **Device Selections** option results screen is enhanced to display the results with additional details like the number of available records, total pages, and the current page number. It also provides an option to navigate to the desired page.

State	Serial #	Models	Device ID	Hierarchy	Status	Ref Set
<input checked="" type="checkbox"/>	007-8-22	P200		AutomationRolloutHierarchy	Active	
<input checked="" type="checkbox"/>	111-154-661	CM5	Test_event_1	AutomationRolloutHierarchy	Active	
<input checked="" type="checkbox"/>	111-Simp1-112	CM5	Test8432432	AutomationRolloutHierarchy	Active	

When the selected device is already scheduled for Rollout then the Remove conflict button is enabled. Click the **Remove Conflict** button to remove the conflict and continue.
