

Installation

Follow these steps to install the Magento 2 plugin:

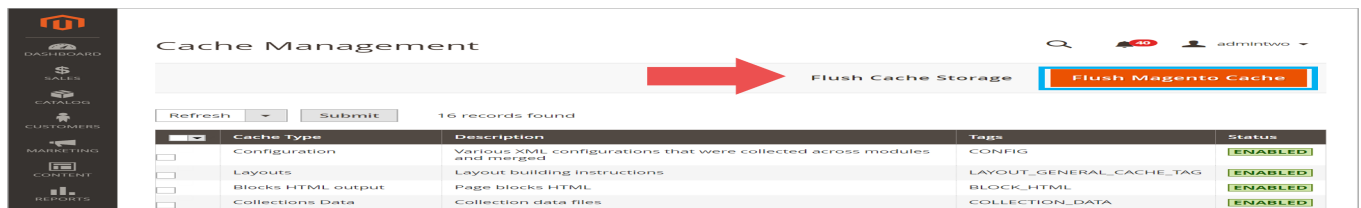

1. Download the latest release from the [Verifone Payment Module table](#) at the bottom of this page and extract the archive.
2. Upload the included **Verifone** directory to 'app/code/' under your Magento root directory on your server.
3. Upload the files to your server, to your instance of Magento 2. Each file must be uploaded to the correct directory.

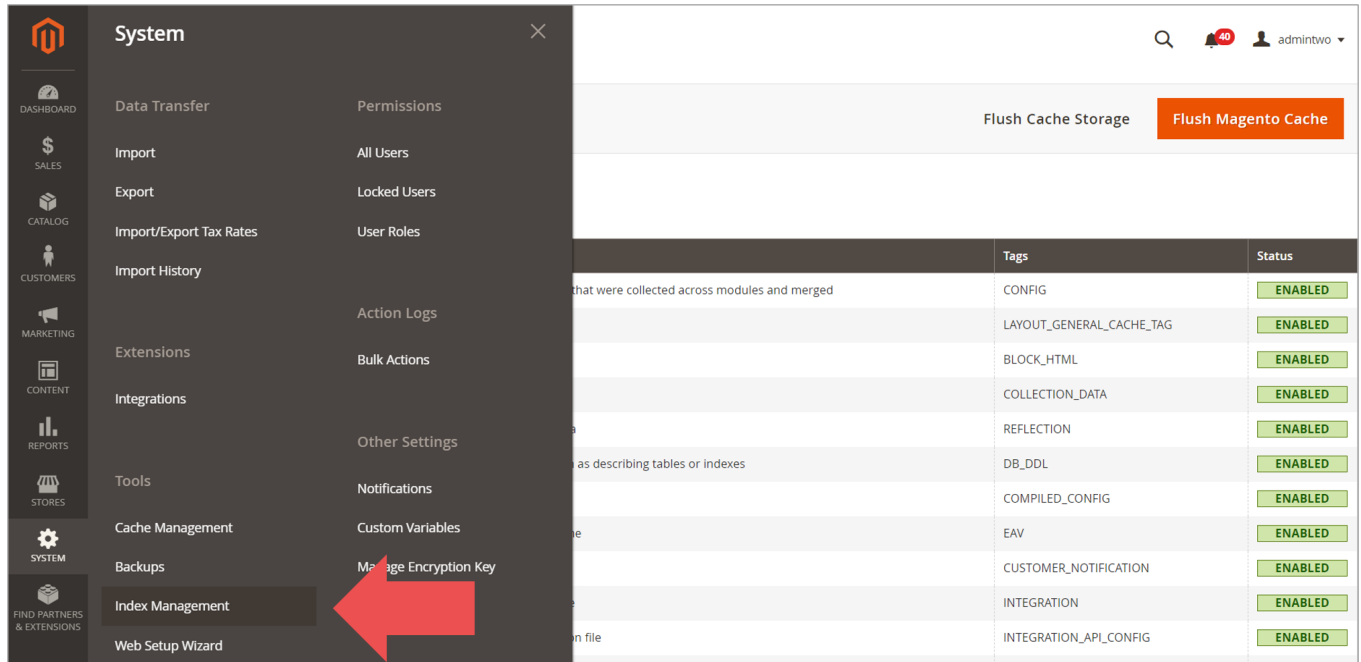

4. Install the module by running `bin/magento setup:upgrade` and `bin/magento setup:di:compile`.
5. Log in to your Magento 2 administration panel and navigate to *System* → *Cache management*.

6. On the **Cache management** page, click on the **Flush Magento cache** button.

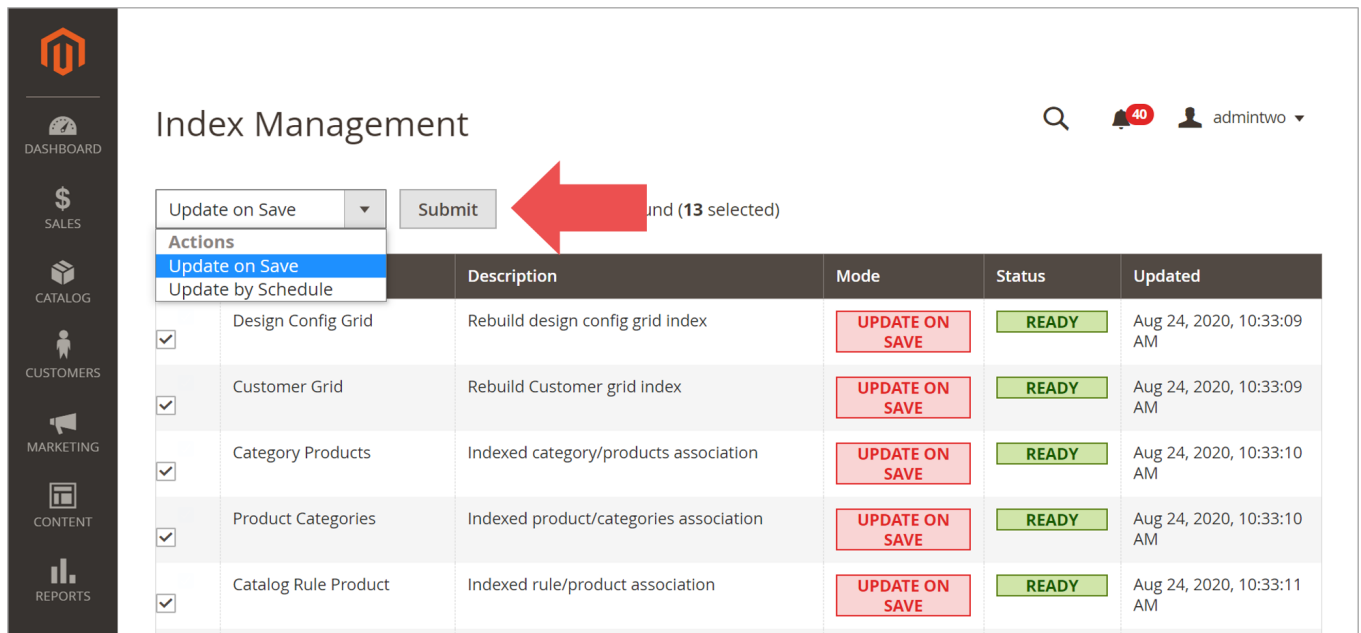

7. Go back to the **System** tab and select **Index Management**.

The screenshot shows the Magento System tab interface. On the left, a sidebar menu lists various system management options. A red arrow points to the 'Index Management' option. The main content area shows a 'Flush Cache Storage' section with a 'Flush Magento Cache' button, and a table of system components with their status.

	Tags	Status
that were collected across modules and merged	CONFIG	ENABLED
	LAYOUT_GENERAL_CACHE_TAG	ENABLED
	BLOCK_HTML	ENABLED
	COLLECTION_DATA	ENABLED
	REFLECTION	ENABLED
as describing tables or indexes	DB_DDL	ENABLED
	COMPILED_CONFIG	ENABLED
	EAV	ENABLED
	CUSTOMER_NOTIFICATION	ENABLED
	INTEGRATION	ENABLED
on file	INTEGRATION_API_CONFIG	ENABLED

8. On the **Index Management** page, select the **Update on save** option and click on the **Submit** button to re-index all templates.

The screenshot shows the Magento Index Management page. A dropdown menu is open, showing 'Update on Save' as the selected option. A red arrow points to the 'Submit' button. Below the dropdown is a table of index items, all of which are checked and ready for update.

	Description	Mode	Status	Updated
<input checked="" type="checkbox"/>	Design Config Grid	UPDATE ON SAVE	READY	Aug 24, 2020, 10:33:09 AM
<input checked="" type="checkbox"/>	Customer Grid	UPDATE ON SAVE	READY	Aug 24, 2020, 10:33:09 AM
<input checked="" type="checkbox"/>	Category Products	UPDATE ON SAVE	READY	Aug 24, 2020, 10:33:10 AM
<input checked="" type="checkbox"/>	Product Categories	UPDATE ON SAVE	READY	Aug 24, 2020, 10:33:10 AM
<input checked="" type="checkbox"/>	Catalog Rule Product	UPDATE ON SAVE	READY	Aug 24, 2020, 10:33:11 AM

Once the installation is complete, make sure to [configure the Verifone settings](#).
