## Installation

Follow these steps to install the Magento 2 plugin:

- 1. Download the latest release from the <u>Verifone Payment Module table</u> at the bottom of this page and extract the archive.
- 2. Upload the included Verifone directory to 'app/code/' under your Magento root directory on your server.
- 3. Upload the files to your server, to your instance of Magento 2. Each file must be uploaded to the correct directory.

- 4. Install the module by running 'bin/magento setup:upgrade' and 'bin/magento setup:di:compile'.
- 5. Log in to your Magento 2 administration panel and navigate to System ? Cache management.
