

## Installation

Follow the steps below to integrate with the Hosted Payments Page (HPP) by using the OpenCart plugin:

1. Download the [Verifone payment module](#) from the link provided in the table at the bottom of this page.
2. After you download the file, rename it to remove **\_0** (for example, from **verifone-2.1.1.ocmod\_0.zip** to **verifone-2.1.1.ocmod.zip**).
3. Log in to your OpenCart admin panel and navigate to *Extensions* → *Installer*.

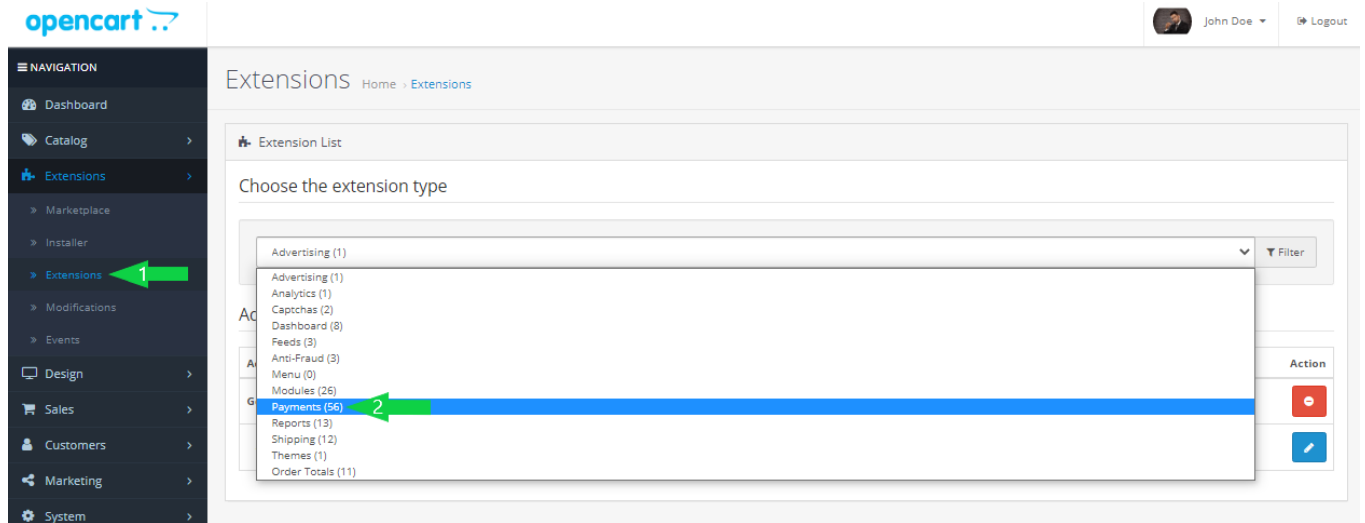

4. On the **Extension Installer** page, click on **Upload** to upload your extension files.

<https://verifone.cloud/docs/online-payments/plugins/opencart-3-plugin-integration/installation>

Updated: 21-Mar-2025

5. Go to **Extensions** → Choose the extension type and select the **Payments** extension type from the drop-down list.

6. Scroll down through the **Extensions** list and click **Install** on the Verifone Hosted payment option.

2Checkout		Disabled		 
2Checkout API		Enabled	1	 
2Checkout Convert Plus		Enabled	2	 
2Checkout Inline		Enabled	3	 
2Checkout PayPal Direct		Disabled		 
Verifone Hosted		Enabled		 
Web Payment Software		Disabled		 
Wechat Pay		Disabled		 

Once the installation is complete, make sure to [configure the Verifone settings](#).
