

## Installation

### Installation via the UI

Follow these steps below to add the Verifone Hosted cart via Shopify:

1. Log in to your Shopify store.
2. Access the link corresponding to your region and click on the **Add app** button:
  - EMEA: <https://apps.shopify.com/verifone-checkout-emea>
  - New Zealand: <https://apps.shopify.com/verifone-checkout-nz>
  - Americas: <https://apps.shopify.com/verifone-checkout-america>

The screenshot shows the Shopify App Store interface. At the top, there's a search bar and a link to 'Apps by category'. The main section displays the 'Verifone Checkout EMEA' app by '2Checkout'. The app is free, has a rating of 0 stars, and 0 reviews. A large 'Add app' button is visible. To the right, there's a 'Pay with card' section with input fields for card number, expiration date, and CVV, and a 'Pay MX\$20.00' button. Below the app card, an 'Install' dialog is open, showing the app icon and the developer's name. It lists permissions: 'Access store information' and 'Edit store information'. The dialog also includes a link to the developer's privacy policy and a 'Contact 2Checkout for support' link.

3. Click on **Install app**.

Once the installation is complete, make sure to [configure the Verifone/Shopify settings](#).
