

Installation

Installation via the UI

Follow these steps below to add the Verifone Hosted cart via Shopify:

1. Log in to your Shopify store.
2. Access the link corresponding to your region and click on the **Add app** button:
 - EMEA: <https://apps.shopify.com/verifone-checkout-emea>
 - New Zealand: <https://apps.shopify.com/verifone-checkout-nz>
 - Americas: Contact your Verifone representative for assistance with this region.

The screenshot displays the Shopify App Store interface. At the top, there's a search bar with the text "Search apps, guides, and more" and a dropdown menu for "Apps by category". Below this, the app "Verifone Checkout EMEA" by "2Checkout" is featured. The app is listed as "Price: Free" with a rating of 0 stars and 0 reviews. A prominent "Add app" button is visible. To the right, a "Pay with card" form is shown, including fields for "Card number", "Expiration date", and "CVV", with a "Pay MX\$20.00" button. Overlaid on the bottom is the "Install" screen for the app. This screen shows the app icon, the developer name "2Checkout", and a list of permissions: "Access store information" and "Edit store information". It also includes a link to the "developer's privacy policy" and a note about data removal upon app deletion. At the bottom of the install screen is a "Contact 2Checkout for support" link.

3. Click on **Install app**.

Once the installation is complete, make sure to [configure the Verifone/Shopify settings](#).
