

Verifone Commander Release 56.02 Highlights

Experience next-level performance with our newest Verifone Commander software release—engineered to optimize efficiency, streamline operations, and equip your business with the tools to thrive in today's fast-paced market.

Discover the Notable Enhancements:

1 Verifone Commercial Fleet Direct WEX/Comdata

Verifone now offers seamless acceptance of WEX and Comdata Commercial Fleet cards through a direct connection, giving your business greater flexibility in serving fleet customers. Built on a proven, reliable feature that has already delivered measurable results, and it is available through license-based activation.

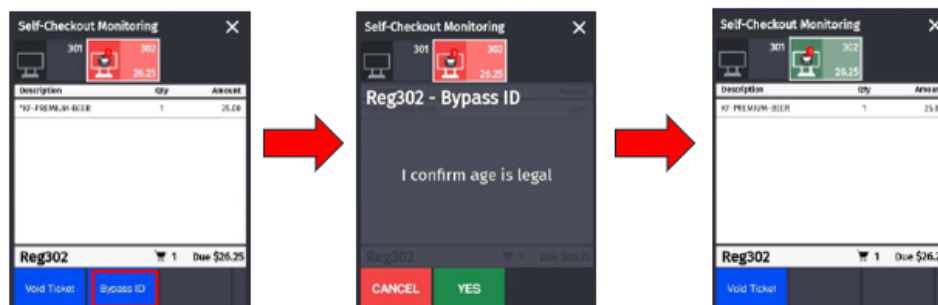

2 Verifone RP-700 Printer

Our compact thermal printer delivers front or top receipt printouts, prints QR codes, barcodes, and logos with ease, and comes fully Verifone white-labeled and secured. With its space-saving design and USB plug-and-play support, it's the perfect blend of power, simplicity, and professionalism.

3 Bypass ID Check using Verifone Self Checkout Remote Intervention

Speed up transactions and enhance the customer experience with the ability for cashiers to override date-of-birth checks on age-restricted items when site policy allows. No more unnecessary trips to the cash register—saving time, reducing lines, and keeping your checkout process moving smoothly.

4 Verifone Self Checkout Walk-Off Reduction Enhancements

Maximize control and reduce losses at the Verifone Self Checkout with features that ensure cashier engagement. Cashiers must interact to clear sales using Void Ticket or No Action options, while a configurable 'Are You There?' timer and real-time light pole and Verifone Self Checkout monitoring provide alerts and visibility—keeping operations secure and efficient.

5 QR code at PIN pad for Loyalty

Boost loyalty sign-ups at checkout with on-screen QR codes displayed on the M400 PIN pad. Customizable messaging managed by the loyalty host, invites customers to scan and join instantly turning every transaction into a new opportunity to grow your business.
