

### Electrical

#### Power Packs

Before you connect the terminal power pack to an electrical outlet, check that the on/off power switch on the terminal is off. If the terminal does not have an on/off switch, check that the power cable connector is removed from the terminal's power port. Or, when connecting the terminal to a power pack, always connect the plug of the power pack to an electrical wall outlet first. Then connect the power cable to the terminal's power port. The means of power cord of adapter should be connected to a socket-outlet with earthing connection.

The reference input power rating is as follows:  
• Input Voltage: 100-240V AC, 50/60 Hz  
• Output Voltage: 11.6V DC, 2.16A

The MX 915 ECR or OLIVETTI Verifone MX 915 ECR is intended to be provided with UL listed power supply module having an output rating of 11.6V DC, minimum 2.16A, Tma 40°C, and evaluated as a Limited Power Source or PS2 or equivalent.

#### AC Adapter

The AC adapter is designed to ensure your personal safety and to be compatible with this equipment. Please follow these guidelines:

- Do not use the adapter in a high moisture environment. Never touch the adapter when your hands or feet are wet.
- Allow adequate ventilation around the adapter. Avoid locations with restricted airflow.
- Connect the adapter to a proper power source. The voltage and grounding requirements are found on the product case and/or packaging.
- Do not use the adapter if the cord becomes damaged.
- Do not attempt to service the adapter. There are no serviceable parts inside. Replace the unit if it is damaged or exposed to excess moisture.

#### Separate Power Sources

Some peripherals require a separate power source. Before connecting a check reader or similar device, remove the power cable connector from the terminal's power port.

#### Peripherals

Before connecting any peripheral device, turn off power to the terminal and check that the power cable connector is removed from the terminal's power port. Turn on power only after you are finished connecting the peripheral devices. For complete information about peripheral installation and use, please refer to the user documentation supplied with those devices.

#### Telecommunication Cord

**CAUTION:** To reduce the risk of fire, use only No. 26 AWG or larger UL Listed or CSA Certified Telecommunication Line Cord.

**ATTENTION:** *Pour réduire les risques d'incendie, utiliser uniquement des conducteurs de télécommunications 26 AWG au de section supérieure.*

#### Disconnecting Power

Disconnecting power during a transaction may cause transaction data files that are not yet stored in terminal memory to be lost.

#### Location – Electrical Considerations

**CAUTION:** Due to risk of electrical shock or terminal damage, do not use the terminal near water, including a bathtub, wash bowl, kitchen sink or laundry tub, in a wet basement, or near a swimming pool. Also, avoid using this product during electrical storms. Avoid locations near electrical appliances or other devices that cause excessive voltage fluctuations or emit electrical noise (for example, air conditioners, neon signs, high-frequency or magnetic security devices, or electric motors).

**ATTENTION:** *Du fait d'un risque d'électrocution ou d'une détérioration du terminal, ne pas utiliser cet équipement près d'une source d'eau, par exemple près d'une baignoire, d'un lavabo, d'un évier de cuisine ou d'un bac de lavage, dans un sous-sol humide ou à proximité d'une piscine. De même, éviter d'utiliser ce produit lors des orages provoquant des coupures électriques. Éviter de placer le terminal à proximité d'appareils électriques ou autres unités pouvant entraîner des fluctuations de tension importantes ou des interférences électriques, tels que les climatiseurs, enseignes au néon, dispositifs de sécurité à haute fréquence ou équipements électriques.*

### Equipment

#### Repairs

Do not, under any circumstances, attempt any service, adjustments, or repairs on this equipment. Instead, contact your local Verifone distributor or service provider for assistance. Failure to comply may void the product warranty.

#### Location – Environmental Considerations

Do not plug the power pack into an outdoor outlet or operate the terminal outdoors. It is not waterproof or dustproof, and is for indoor use only. Any damage to the unit from exposure to rain or dust may void your warranty. Do not use the terminal where there is high heat, dust, humidity, moisture, or caustic chemicals or oils. Keep the terminal away from direct sunlight and anything that radiates heat, such as a stove or a motor.

**WARNING!** Your POS terminal contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration. To minimize the risk of damage to your terminal, avoid dropping your terminal and operating it in high-shock and high-vibration environments. Do not store the terminal where prolonged exposure to extreme temperature can occur, because it can cause permanent damage. Do not expose the terminal to water. Contact with water can cause this unit to malfunction.

**AVERTISSEMENT!** *Votre terminal de point de vente contient des composants électroniques sensibles, susceptibles de subir des dommages définitifs en cas d'exposition à des chocs ou à des vibrations excessives. Pour minimiser le risque de dommages pour votre terminal, évitez de le faire tomber ou de l'exposer à des environnements pouvant provoquer des chocs et des vibrations excessives. Ne pas stocker le terminal dans des lieux susceptibles d'entraîner une exposition prolongée à des températures extrêmes, du fait des dommages définitifs que cette situation peut provoquer. Ne pas exposer le terminal à l'eau. Un contact avec de l'eau peut provoquer un dysfonctionnement de l'unité.*

### MX 915 ECR and OLIVETTI Verifone MX 915 ECR Certifications and Regulations

Verifone Part Number: DOC177-001-EN-A, Revision A01

### RF Exposure

To comply with Council Recommendation Radio Equipment 2014/35/EU, a minimum separation distance of 20 cm must be maintained between the user's body and the device, including the antenna. Conditions that do not meet these requirements may not comply with Council Recommendations 2014/35/EU should be avoided.

### Notice for Operating Frequency and Output Power

NFC 13.56 MHz (dB µA/m at 10m): 16.97

### Coin Cell Instruction

Dispose of the coin cell in accordance with all national, state, and local laws and regulations as regionally required. Some batteries may be recycled and may be accepted for disposal at local recycling centers.

**CAUTION:** There is risk of explosion if the battery is replaced by an incorrect type.

**ATTENTION:** *Il existe un risque d'explosion si la batterie est remplacée par un modèle incompatible.*

### Damage

Carefully inspect the shipping carton and its contents for any damage. If the unit or any product component appears damaged or to have been tampered with, immediately notify the shipping company and your Verifone distributor or service provider. Do not use a MX 915 ECR or OLIVETTI Verifone MX 915 ECR unit that has been tampered.

### Cleaners and Solvents

Never use thinner, trichloroethylene or ketone-based solvents to clean the MX 915 ECR or OLIVETTI Verifone MX 915 ECR device, these may deteriorate plastic or rubber parts. Do not spray cleaners or other solutions directly onto the keypad or display. For best results, use a clean cloth dampened with water and mild soap. To remove stubborn stains, use alcohol or an alcohol-based cleaner.

Electrostatic charging hazard - Clean only with a damp cloth for plastic parts.

### Recycling: DO NOT DISCARD!

UNIT MUST BE RECYCLED OR DISPOSED OF PROPERLY.

For proper disposal instructions go to <http://recycle.verifone.com/>

continued on rear cover

### Recyclage: NE PAS JETER!

L'unité doit être recyclée ou mise au rebut dans les endroits prévus à cet effet.

Pour connaître les procédures de mise au rebut, consultez le site <http://recycle.verifone.com/>

**DECLARATION OF CONFORMITY**

according to EN ISO/IEC 17050-1 and 17050-2

This declaration of conformity is issued under the sole responsibility of the manufacturer

**Manufacturer's Name:** Verifone, Inc.  
**Manufacturer's Address:** Verifone, Inc.  
1400 West Stanford Ranch Road  
Suite 150 Rocklin, CA 95765

Declares, that the product

**Product Name:** MX 915 ECR and OLIVETTI Verifone MX 915 ECR  
**Model Number:** MX 915 ECR and OLIVETTI Verifone MX 915 ECR  
**Part Number:** M177-XXX-XX-XXX-X  
**Brand:** Verifone  
**Product Options:** All

Conforms to the following Product Specifications:

**Safety:** IEC 62368-1:2014  
EN 62368-1:2014  
EN 62368-1:2014 + A11:2017  
IEC 62368-1:2018

**EMC:** EN 55032:2015 + A11:2020, Class B  
EN 61000-3-2:2014, Class A  
EN IEC 61000-3-2:2019 + A1:2021, Class A  
EN 61000-3-3:2013 + A2:2021  
EN 55035:2017 + A11:2020

**RF (RFID):** EN 301 489-1 V2.1.1 (2017-02)  
Draft EN 301 489-3 V2.1.1 (2017-03)  
EN 300 330 V2.1.1 (2017-02)

**Telecom:** ETSI ES 203 021

**Supplementary Information:**

We hereby declare that the device complies with the requirements of the Radio Equipment Directive 2014/53/EU, and carries the CE Mark Directive 93/68/EEC, and conforms to RoHS Directive 2011/65/EU, and delegated Directive (Annex II) 2015/863/EU, as well as Technical Documentation: EN IEC 63000:2018 and DIN EN IEC 63000:2018.

CE Approval Date: February 03, 2023
