K350 Certifications and Regulations

Electrical

Separate Power Sources

This product is designed to receive the below input voltage rating.

NOTE: The reference input power rating for the K350:

Input Voltage: 120-240V AC, 50/60Hz

Maximum Current: 2A

Individual components that are internal to the kiosk maintain their own power supply component, which are also internal to the kiosk. Power ratings can be found on the Listing Report. Each kiosk is designed to be on an individual circuit with a 15A breaker. Kiosk may be hardwired to circuit or plugged into an outlet.

Location – Electrical Considerations

WARNING! This device contains sensitive electronic components that can be permanently damaged if exposed to excessive shock, electrical interference or vibration.
AVERTISSEMENT! Cet appareil contient des composants électroniques sensibles qui peuvent être endommagés de façon permanente si elle est exposée à des chocs excessifs, des interférences électriques ou des vibrations.

CAUTION: Due to the risk of electric shock or damage to the terminal, do not use this equipment near a water source, for example near a bathtub, washbowl, kitchen sink or laundry tub, in a wet basement or near a swimming pool. Likewise, avoid using this product during thunderstorms causing power cuts. Avoid placing the terminal near electrical devices or other units that could cause large voltage fluctuations or electrical interference, such as air conditioners, neon signs, high frequency safety devices or electrical equipment.

ATTENTION: *Da fait d'un risqué d'électrocution ou d'une détérioration du terminal, ne pas utiliser cet équipement près d'une source d'eau, par exemple près d'une baignoire, d'un lavabo, d'un évier de cuisine ou d'un bac de lavage, dans un sous-sol humide ou à proximité d'une piscine. De même, éviter d'utiliser ce produit lors des orages provoquant des coupures électriques. Éviter de placer le terminal à proximité d'appareils électriques ou autres unités pouvant entraîner des fluctuations de tension importantes ou des interférences électriques, tels que les climatiseurs, enseignes au néon, dispositifs de sécurité à haute fréquence ou équipements électriques.*

Equipment

Location – Environmental Considerations

Do not plug the kiosk into an outdoor outlet or operate the kiosk outdoors. It is not waterproof or dustproof and is for indoor use only. Any damage to the unit from exposure to rain or dust may void your warranty.

Do not use the kiosk or its components where there is high heat, dust, humidity, moisture, or caustic chemicals or oils. Keep the kiosk away from direct sunlight and anything that radiates heat, such as a stove or a motor.

WARNING! Your device contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration. To minimize the risk of damage to your kiosk, avoid dropping your kiosk and operating it in high-shock and high-vibration environments. Do not store the kiosk where prolonged exposure to extreme temperature can occur, because it can cause permanent damage. Do not expose the kiosk to water. Contact with water can cause this unit to malfunction.

AVERTISSEMENT! *Votre appareil contient des composants électroniques sensibles qui peuvent être endommagés de façon permanente s'ils sont exposés à des chocs ou des vibrations excessifs. Pour minimiser le risque de dommages à votre kiosque, évitez de laisser tomber votre kiosque et de l'utiliser dans des environnements à chocs et vibrations élevés. Ne stockez pas le kiosque dans un endroit prolongé une exposition à des températures extrêmes peut se produire, car elle peut causer des dommages permanents. N'exposez pas le kiosque à l'eau. Le contact avec l'eau peut provoquer ce l'appareil ne fonctionne pas correctement.*

Repairs

Do not, under any circumstances, attempt any service, adjustments, or repairs on this device. Instead, contact your local Verifone distributor or service provider for assistance. Failure to comply may void the product warranty.

FCC Compliance

The following device has been tested and certified as compliant with the regulations and guidelines set forth in Part 15 of FCC Rules:

Manufacturer: Verifone, Inc.

Brand: Verifone

Model: K350

Kiosk may contain one or more Radio Modules with the following FCC identification numbers (also on the label at the bottom of the machine):

FCC ID: RBWESY0011

FCC ID: PD9AX201NG

Part 15 of FCC Rules

This device complies with the limits for a Class A digital device as specified in Part 15 of FCC Rules which provide reasonable protection against harmful interference in a commercial environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1 This device may not cause harmful interference.

2 This device must accept any interference received, including interference that may cause undesired operation.

This equipment generates and uses radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

In the unlikely event that there is interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult with the dealer or ask an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter. Use of a shielded interface cable is required to comply with the Class B limits of Part 15 of FCC Rules.

Any changes or modifications to this equipment not expressly approved by Verifone could void the user's authority to operate this equipment.

Note: The country code selection is for non-US model only and is not available to all US model. Per FCC regulation, all Wi-Fi product market in US must fixed to US operation channels only.

Industry Canada Class A Emission Compliance Statement

This Class A digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

RF Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. To comply with FCC RF exposure requirement, a minimum separation distance of 20 cm must be maintained between the user's body and the device, including the antenna. Conditions that do not meet these requirements may not comply with FCC RF exposure requirements and should be avoided.
