

## Electrical

### External Power Sources

KX600/KX605 is intended to be provided with a listed power supply module having an output rating of 12V DC, 2A-24V DC, 1A and evaluated as a Limited Power Source or PS2 or equivalent.

### Location – Environmental Considerations

**WARNING!** Your kiosk contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration. To minimize the risk of damage to your kiosk, ensure that your kiosk is securely mounted at all times and avoid operating it in high-shock and high-vibration environments. Do not store the kiosk where prolonged exposure to extreme temperature can occur, because it can cause permanent damage.

**AVERTISSEMENT!** Votre terminal de point de vente contient des composants électroniques sensibles, susceptibles de subir des dommages définitifs en cas d'exposition à des chocs ou à des vibrations excessives. Pour minimiser le risque de dommages pour votre terminal, évitez de le faire tomber ou de l'exposer à des environnements pouvant provoquer des chocs et des vibrations excessives. Ne pas stocker le terminal dans des lieux susceptibles d'entraîner une exposition prolongée à des températures extrêmes, du fait des dommages définitifs que cette situation peut provoquer.

## Equipment

### Repairs

Do not, under any circumstances, attempt any service, adjustments, or repairs on this device. Instead, contact your local Verifone distributor or service provider for assistance. Failure to comply may void the product warranty.

### Damage

Carefully inspect the shipping carton and its contents for any damage. If the KX600/KX605 or any product component appears damaged or tampered, immediately notify the shipping company and your Verifone distributor or service provider. Do not use a device that has been damaged or tampered.

### Cleaners and Solvents

Never use thinner, trichloroethylene, or ketone-based solvents to clean the device - they may deteriorate the plastic and rubber parts. For best results, use a clean cloth dampened with water and mild soap. To remove stubborn stains, use alcohol or an alcohol-based cleaner. Additional cleaning instructions can be found at: <https://www.verifone.com/en/us/insight/how-clean-verifone-devices>.

# KX600/KX605 Certifications and Regulations

## FCC/ISED Compliance

The following device has been tested and certified as compliant with the regulations and guidelines set forth in Part 15 of FCC Rules:  
Manufacturer: Verifone, Inc.  
Brand: Verifone  
Model: KX600, contains Radio Module FCC ID: B32UX301SM  
IC: 787CUX301  
Model: KX605, contains Radio Module FCC ID: B32UX410  
IC: 787C-UX410

## Part 15 of FCC Rules & ISED

This device complies with the limits for a Class B digital device as specified in Part 15 of FCC Rules which provides reasonable protection against harmful interference in a residential installation. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference.  
(2) This device must accept any interference received, including interference that may cause undesired operation.  
This equipment generates, uses, and can radiate radio frequency energy. And if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. In the unlikely event that there is interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
• Reorient or relocate the receiving antenna.  
• Increase the separation between the equipment and receiver.  
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
• Consult the dealer or an experienced radio/TV technician for help.  
Any changes or modifications to this equipment not expressly approved by Verifone could void the user's authority to operate this equipment. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.  
This device complies with Innovation, Science and Economic Development Canada license exempt RSS standard(s). Operation is subject to the following two conditions:  
(1) This device may not cause interference.  
(2) This device must accept any interference, including interference that may cause undesired operation of the device.  
*Le présent appareil est conforme aux CNR d'Innovation, Science and Economic Development Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:*  
(1) L'appareil ne doit pas produire de brouillage.  
(2) L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.  
*Cet appareil et son antenne ne doivent pas être situés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur, exception faites des radios int égrées qui ont été testées.*

## Industry Canada Class B Emission Compliance Statement

This Class B digital apparatus complies with CAN ICES003 (B).  
*Cet appareil numérique de la classe B est conforme à la norme NMB003 (B) du Canada.*

## RF Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. To comply with Council Recommendation Radio Equipment 2014/35/EU, IC RSS102 and FCC RF exposure requirement, a minimum separation distance of 20 cm must be maintained between the user's body and the device, including the antenna. Conditions that do not meet these requirements may not comply with Council Recommendations 2014/35/EU, IC RSS102 and FCC RF exposure requirements and should be avoided.  
*Cet équipement est conforme aux limites FCC d'exposition aux radiations définies pour un environnement non contrôlé. Pour se conformer à la Recommandations du Conseil 2014/35/EU et l'exigence d'exposition RF de la FCC, une distance minimale de séparation de 20 cm doit être maintenue entre le corps de l'utilisateur et le dispositif, y compris l'antenne. Des conditions qui ne répondent pas à ces exigences peut ne pas se conformer à Recommandations du Conseil 2014/35/EU, IC RSS102, et FCC RF exigences d'exposition et doit être évitée.*
